# *SciVal: helping your institution strategy*

Jornadas CRAI, June 2016

Tomaso Benedet,  
Solutions Sales Manager South Europe

# What is SciVal?

SciVal is a research management service  
that easily allows you to:

- Evaluate your institution
- Benchmark your institution against others
  - Strengthen your collaboration
- Find your strengths and weaknesses

Thus...

Helps you design and execute  
your research strategy

# Where do we get the data?

# FCT

Fundação para a Ciência e a Tecnologia

MINISTÉRIO DA CIÊNCIA, TECNOLOGIA E ENSINO SUPERIOR

## Scopus®

The largest abstract and citation database of research information

**60 M records** and **22,000+** active titles from more than **5,000** international publishers. More than **4,200** Gold Open Access journals indexed

Publishers indexed in Scopus

Subject coverage in Scopus

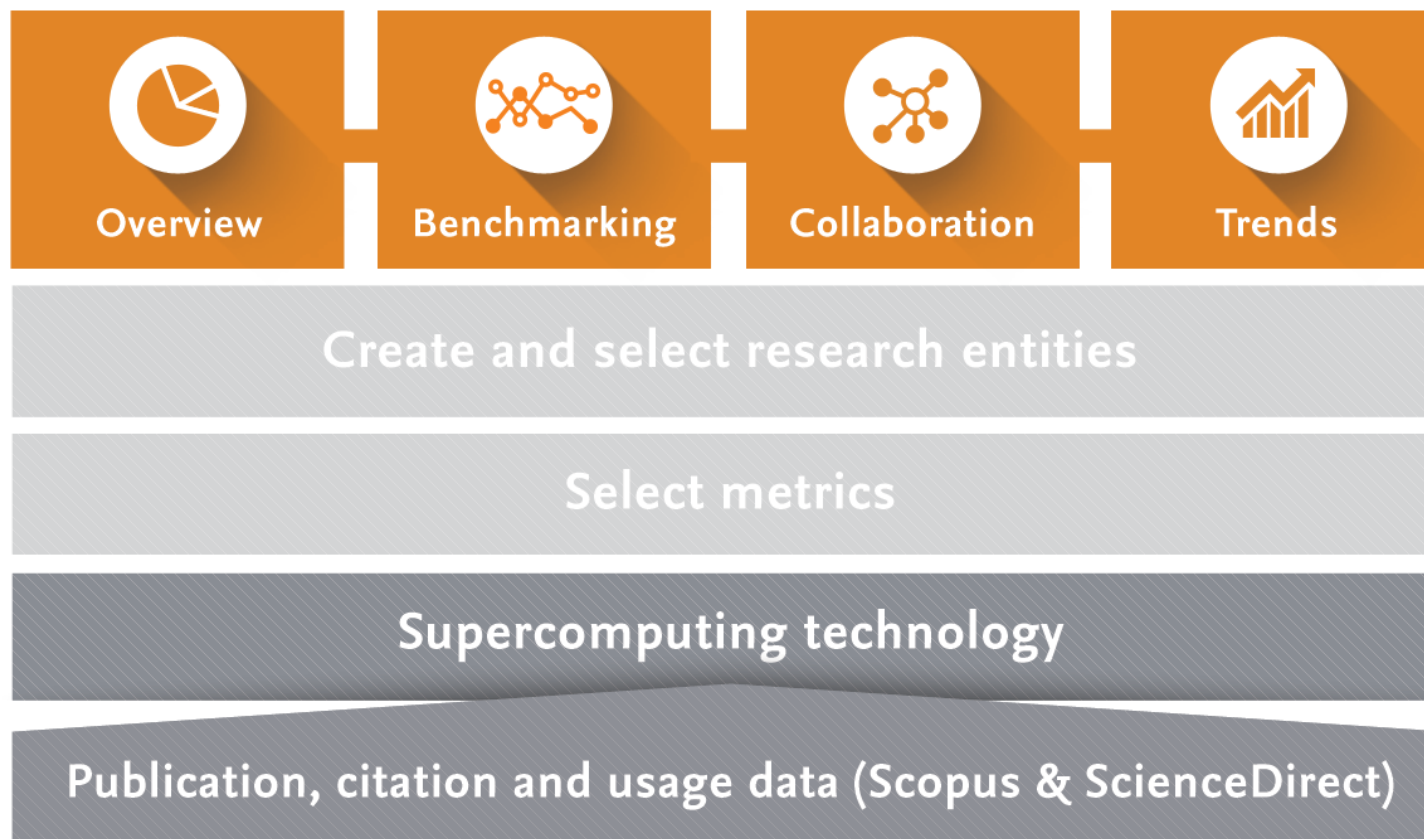

# What do we do with Scopus data?

Offer you a set of around 110  
trillion pre-calculated data points  
all available in one click

**We offer you data from over 4,600 Institutions from 223 country, plus the possibility to customize your own Groups, Publication sets or research areas**

## What are the questions addressed using SciVal?

“How can we demonstrate what are our main strength and position my university?”

## What are the questions addressed using SciVal?

“How can we demonstrate what are our main strength and position my university?”

### Overview

Get a high-level overview of the research performance of your Institution, other Institutions, Countries and Groups of Researchers.

## What are the questions addressed using SciVal?

“I want to explore the various scenarios I’m considering to set up a centre of excellence. How can the data provide me with insights?”
